TEMPLATES/404.HTML LINE-BY-LINE EXPLANATION

404.html renders the not-found page used by app.py’s 404 error handler.

LINES

Line 1: extends base.html.

Line 3: sets the page title to Property Not Found - RoomRent.

Line 5: starts the content block.

Lines 6-9: show the not-found message and a Back to listings link.

Lines 10-11: close the section and content block.
